WHO: Single adults in their 20's and 30's. We hope to build a community of young professionals, executives and entrepreneurs from various industries, backgrounds and areas across San Antonio.

WHY: Whether you are working toward a degree or are in the midst of job demands, **your input** will be a **vital part** of this **round table atmosphere where we will talk about the daily issues we all face as young professionals and individuals in our San Antonio community and in our personal lives.** It will be exciting to grow in our faith and knowledge of how we can incorporate the Bible in our daily challenges. **The mission** of the FOSA Young Single Professionals is to foster **growth in our Christian faith.** By **building relationships** with other young professionals and business leaders, we can all strive to empower young professionals to become Christian leaders in their workplace and their local communities and in their personal lives.
